**Useful Websites and Mobile Apps for drug information**

HSE staff have access to the electronic version of the BNF, BNF for Children and Stockley’s Drug Interactions. Go to [this page](#) for access. If accessing from outside the HSE computer network you will need to log in using your OpenAthens account, then click on dashboard to reach our subscribed publications.

Drug information can also be obtained from our point-of-care tools. [UpToDate](#) provides both drug information as well as a drugs interactions section. [DynaMed Plus](#) also provides drug information. Simply put the name of the drug into the search box to access the required information. [ClinicalKey](#) also contains a drug monographs section.

To access these tools outside of the network, you will need to have an OpenAthens account, please click [here](#) to set one up.
Apps are also available for these 3 point-of-care tools. Contact ronan.hegarty@hse.ie for more information.

**eBooks relating to Medicine/Drugs/Pharmacology**

Several useful ebooks related to this topic can be found from the books section of ClinicalKey. To access these ebooks outside of the network, you will need to have an OpenAthens account, please click here to set one up.

This quarter’s featured ebook is *Netter's Illustrated Pharmacology*.

![Netter's Illustrated Pharmacology](image)

This updated edition of Netter's Illustrated Pharmacology allows you to take a distinct visual approach to understanding both the basic science and clinical applications of pharmacology.

Designed to be compatible and used in conjunction with other pharmacology resources, this medical reference book offers a vivid, uniquely effective visual presentation of the pharmacodynamic relationship between drugs and the human body.

A direct link to the ebook is available here.
