Article 5:

Title: The use of screening tools in the early recognition of sepsis in the prehospital adult
patient: a review of the literature
Source: Qatar Medical Journal
Author: B Luddick

To view abstract of article click here.

Article 6:

Title: Understanding and enhancing sepsis survivorship: priorities for research and practice
Source: American Journal of Respiratory and Critical Care Medicine
Author: H Prescott

To view abstract of article click here.

Article 7:

Title: Long term courses of sepsis survivors: effects of a primary care management intervention
Source: The American Journal of Medicine
Author: K Schmidt

To view abstract of article click here.

Article 8:

Title: Double inter-hospital transfer in sepsis patients presenting to the ED does not worsen mortality compared to single inter-hospital transfer
Source: Journal of Critical Care
Author: M Arulraja

To view abstract click here.

Article 9:

Title: Presentation and outcomes of end stage liver disease patients presenting with septic shock to the emergency department
Source: American Journal of Emergency Medicine
Author: E Okonkwo

To view abstract click here.

Article 10:

Title: Delays in administration of the second antibiotic dose in patients with severe sepsis and septic shock
Source: Hospital Pharmacy
Author: J Randolph
Article 11:

Title: Systematic review on the acute cost of illness of sepsis and meningitis in neonates and infants
Source: Pediatric Infectious Disease Journal
Author: O Salman

To view abstract [click here](#)

Article 12:

Title: Short and long term neurodevelopmental outcomes of very preterm infants with neonatal sepsis: a systematic review and meta analysis
Source: Children (Basel)
Author: S Cai

To view abstract [click here](#)

Article 13:

Title: Caring for patients with sepsis: understanding long term outcomes
Source: American Journal of Critical Care
Author: L Bell

To view abstract [click here](#)

Article 14:

Title: Sepsis roadmap: what we know, what we learned, and where we are going
Source: Clinical Immunology
Author: V Kumar

To view abstract [click here](#)

Article 15:

Title: Clinical applications of artificial intelligence in sepsis: a narrative review
Source: Computers in Biology & Medicine
Author: M Schinkel
